A Letter from James Madison

|	ANSWER
Who is your delegate?	William Few
What state are you from?	Georgia
What is the total population of your state? (Use the table information to answer.)	82,548
What was the total slave population of your state? (Use the table information to answer.)	29,264
According to the table information, is your state considered a large or small state? (Hint: States with populations over 250,000 were considered large states.)	My state is considered a small state
As a delegate from your state, do you prefer the Virginia Plan or the New Jersey Plan? Explain your reasoning. *Based upon the data in the table, infer your answer.*	I prefer the New Jersey Plan because it gives more power to smaller states like mine.
As a delegate from your state, how do you believe the US Constitution should address the issue of counting slaves for the purpose of representation? Explain your reasoning. *Based upon the data in the table, infer your answer.*	I think the US constitution should count slaves as a part of the population because that means that our otherwise extremely small state will have nearly double the population and therefore have more votes.
As a delegate from your state, how do you think the US Constitution should address the issue of whether the Atlantic slave trade should continue or not? Explain your reasoning. *Based upon the data in the table, infer your answer.*	The US constitution should not allow the Atlantic slave trade because that would mean other states would get more slaves that could be counted towards their population which I don't want.

Before you begin your assignment, please review the rubric on the following page.

*Note: Some assignments may not have a rubric if it is graded using a teacher answer key.
